Profile Summary

My name is Monday Ese I am a dedicated Front end developer and graphics designer from Nigeria. I enjoy every form of creativity from creating custom user centered web apps to crafting the perfect brand identity for clients. I am currently on a path to sharpening my skill in Reactjs and I'm a proud member of SheCodeAfrica and Google developer community. I am currently seeking to be a part of a successful, purpose-led, culturally diverse organization that thrives on prioritizing its human assets and become an invaluable member of a well-structured organization with a fulfilling, dynamic and challenging work environment, that gives me the platform to develop and put to best use my personal skills, knowledge and abilities, in other to achieve job satisfaction and contribute to organizational growth all times in alignment with the organization's vision.
